#### *Early Consignments*

#### *Early Fall Special*

This past Spring we launched our simulcast internet - live bidding platform. It is a process in the making & a transition to the future which provides benefits to both buyer and sellers. In June we advanced our system of marketing to a higher level which allowed the cattle to remain unhassled in their pen. Everything will run and auction as before except no cattle will go through actual sale ring. All cattle will be on site & available to view prior to auction. Videos of the cattle will be shown both live and on internet during auction.

Load out then or make arrangements for Sun. or Mon.

As Always

Appreciate all our Customers

*For more consignments, detail, videos, & photos be sure and go to our website.*
