Get Ready for the Early Bird Sale + Private Treaty Event!

We're kicking off 2026 with an Online-Only Early Bird Auction on January 9th at 4:00 PM MTN, featuring the first 36 elite Stabilizer® bulls.

This auction includes:

- 12 Age-Advantaged Stabilizer Bulls
 - Averaging \$31,390 \$Profit®, \$150 \$Ranch®, and \$245 \$Feeder®
 - 9 of 12 are 3-Star Calving Ease or better, making many of these bulls excellent options to breed heifers safely
- 24 Fall-Born 2024 Stabilizer Bulls
 - Averaging \$32,740 \$Profit®, \$143 \$Ranch®, and \$259 \$Feeder®
 - A strong selection is also heifer-friendly, giving you multiple calving ease choices across the group

To view videos and bid during the LIVE online sale, you must be registered on our platform at www.leachman.com/sales.

Private Treaty Bulls — Available NOW (Lots 37–160)

Lots 37 through 160 are available immediately on a first-come, first-served basis. These bulls can be purchased right now through our online platform, where availability and pricing are updated in real time.

Private Treaty Breakdown:

- Lots 37–150: Stabilizer® bulls — 76 Age-Advantaged + 38 Fall-Born
- Plus: 7 Charolais bulls and 3 Black Red Angus bulls

Several bulls in this private treaty offering also feature strong calving ease, making them suitable for use on heifers. Check www.leachman.com/sales to view availability, pricing, and calving ease ratings — and to secure your bulls before someone else does.

These bulls are priced to move before year-end, giving you the opportunity to invest in high-quality genetics rather than sending your hard-earned dollars to Uncle Sam.

If you have questions or need help identifying the best bull for your herd — including which bulls are ideal for heifers — please contact me or any member of our great sales team, listed on page 44. We're here to help you build a more profitable and more efficient cow herd.

Sincerely,

Russ Princ

Breeding Season Guarantee!

Leachman Cattle is offering a 90 day breeding season guarantee, starting the first day of turnout, on all bulls that we sell. This guarantee will cover your purchased bull(s) against death, injury, infertility, and loss of use. If, during the first season, you lose the use of your Leachman bull for whatever reason, we will give you a credit towards the purchase of a new bull. We only ask that your herd veterinarian provide a written statement describing the death, injury, or infertility. If the bull in question can be salvaged, we would like you to keep the salvage value, and a credit will be issued, less the salvage amount you receive for the bull. If the bull is turned out for breeding, then the credit will be given at 75% of the original purchase value (less any salvage value). All claims must be made within 1 year from the date of purchase and cannot exceed the greater of 2 bulls per invoice or 15% of the total invoice.

Example 1: Your \$5,000 bull dies before you turn him out to breed. You receive a full credit of \$5,000. (Purchase Price - \$0 Salvage - \$0 Use).

Example 2: Your \$5,000 bull injures his scrotum after you pull him from the cows. You sell him for \$1000 in salvage. You receive a credit of \$2,750 (\$5000 purchase - \$1000 salvage - \$1250 usage).

Requirements for claims:

1. All claims must be made within 365 days of purchase.
2. A veterinary statement regarding the circumstances is required.
3. A verbal agreement from Leachman Cattle is required prior to a bull being sold for salvage. Documentation of the salvage value of the bull, including identification of the bull on the sale barn ticket, that corresponds to the bulls Leachman identifications (visual ear tag or EID) is also required.

This credit can be used for the purchase of bulls, females, semen, and/or embryos from Leachman Cattle. If the credit is not used within 24 months of the date of issuance, then it will expire.

Note: Guarantee will be revoked on all bulls that are not paid for within 5 business days of invoice date.
